Experience

- Mar 2021- Present
Xornor Technologies Pvt. Ltd., D151, First Floor,Phase-8,
Sahibzada Ajit Singh Nagar, Punjab 160055

Mobile App Developer

- Successfully developed and released 3 Android applications on the Google Play Store and two iOS applications on App Store.
- Developed a UI/UX design for a mobile application that was used by over 10,000 users.
- Responsible for the maintenance and improvement of applications.
- Utilized Java, Kotlin, Dart, XML, Flutter and Android Studio to develop Android, iOS and Web applications.

Yuno Learning - IELTS Preparation:

- An IELTS-focused educational app offering structured courses, practice tests, and interactive learning tools. Developed using Flutter for cross-platform support, it features Firebase authentication, video lessons, performance tracking, and in-app purchases for premium content.

Yuno Learning - Skill & Exam Prep:

- A comprehensive learning platform covering a wide range of competitive exams and skill-based courses. Built with Flutter, the app includes personalized learning paths, video tutorials, quizzes, document access, and payment gateway integrations for course purchases.

White Level Web App:

- A web-based platform offering personalized live classes in small groups, led by top-rated instructors. Built with Flutter for cross-platform compatibility, it integrates features like real-time video sessions, interactive study materials, and secure user authentication, providing an engaging and effective learning experience.

- Jul 2018- Jan 2021
Logimetrix Techsolutions Pvt. Ltd., 3/23, Vikaskhand 3,
Gomti Nagar, Lucknow, Uttar Pradesh 226010

Android Developer

NDD BDS-AIT - Animal Artificial Insemination Tracking App

- An Android application designed to assist Animal Artificial Insemination Technicians (AITs) in recording and managing AI procedures. Developed using native Android technologies, the app features data entry forms, record management, and reporting tools, enhancing the efficiency and accuracy of artificial insemination tracking.
